A GOOD PLACE TO TRADE.

The Lutheran Conference

The Missouri Lutheran Synodical Conference came to a close yesterday in Stony Plain after an eight-day meeting. The sessions had been held twice daily, in St. Matthew's school in town.

A number of interesting papers were read, and discussion took place on these, in which all took part. The visitors left today for their homes. The following reverend gentlemen were among those who attended the Conference:

J. C. Mueller, Alfred Rehwinkel, A. H. Schermer, W. Baepfer, R. Sierpinski, Edmonton.

John Heger, W. H. Luker, A. J. Mueller, Calgary.

E. Eberhardt, H. J. Bootcher, F. H. Mueller, Stony Plain.

Ans. Bohrendt, Biederheim.

B. Bohrens, Tomahawk.

W. O. Eifert, Leduc.

Ang. Feuke, Alhambra.

J. E. Herrmann, Red Deer.

R. F. Holtz, Clearholm.

Wm. Jading, Warner.

E. Krieger, Fort Saskatchewan.

G. M. Krueger, Youngstown.

J. Marzik, Medicine Hat.

G. Emil Mueller, Vulcan.

John H. Meilander, Hilda.

R. J. Munroe, Champion.

C. J. Nissen, Didsbury.

Carl Plotenhaus, Wataaskiwin.

G. Roehm, Mayrhofen.

C. Thies, Wataaskiwin.

Theo. Waack, Wataaskiwin.

W. Wachlin, Ponoka.

E. F. Warner, Didsbury.

K. Ziegler, Altonville.

H. B. Bannum, Vernon B.C.

C. C. Jazawa, Nelson B.C.

H. Kurting, Prince George.

V. L. Meyer, Redstone.

The following teachers were present: E. H. Golek, Stony Plain;

A. H. Thies, Redstone.

Dr. Scholl's Toe-Flex

Corrects Bunions by straightening the crooked toe. Restores normal muscular action. Made of soft, antiseptic rubber. Very comfortable. Price 7/6 each.

PAUL WERNER,
Graduate Practitioner,
Opposite Royal Hotel.

West Edmonton Federal Liberal Convention,

Friday, July 17, 7.30 p.m.

Wesley Church,

Cor. 117 St. & 102d Av., opp. Oliver School, Edmonton.

Edmonton West, consisting of those portions of townships 59 to 58 inclusive, in Ranges 25 to 28, inclusive, west 4th Mer., and in ranges 25 to 28 inclusive, w. 4th, and in ranges 1 & 2, w. 5th, lying north of N. Saskatchewan River, together with that portion of the City of Edmonton lying west of 101st St.

The Liberal candidate for the House of Commons shall be chosen by a nominating convention in each Federal riding. For the purpose of a nominating convention there shall be elected from among the electors of each polling sub-division in each Federal riding one voting delegate for each hundred votes or fraction thereof polled at the last Federal election in each polling sub-division, provided however that in any event each polling sub-division shall be entitled to 2 Voting Delegates. Only the Voting Delegates shall be entitled to vote at a nominating convention.

Primary meetings of select delegates will be held Tuesday next, July 14th.

Carvel S.D. Ratepayers Meet

The schoolhouse was filled at the meeting last week of the ratepayers of Carvel S. D. when the matter of arranging for the accommodation of the increasing number of pupils was up for discussion. The majority appeared to be in favor of the erection of a two-room school in a central location. After considerable discussion, it was agreed that the whole matter be left in the hands of the representatives of the Dept. of Education. Another meeting will be called in the course of a fortnight.

CLOSING NOTICES.

The business houses in Stony Plain close every Wednesday at 1 p. m. during July and August.

Stony Plain Postoffice will be closed Wednesday afternoon at 3 o'clock in July and Aug.

The three elevators in Stony will close Wednesday at 1 p. m. during July and August.

LOCAL NEWS.

Assemblyman and Mrs. Washburn motored to Edmonton on Saturday.

Dr. and Mrs. Outway and family left on Tuesday for Almonte and other points in Ontario.

Dr. Walton returned to Stony on Monday, after a week's stay at Seba Beach.

Mr. August Morelith spent the week end with friends at Hay Lake.

Mr. O. K. Dean, Elsob, is in charge of the local station, in the absence of the chief. Mr. W. Miller has been attached to the local staff.

Christina Ethel and Polly Greene, of Edmonton were the guests of Mr. and Mrs. M. McKinlay at Edmonton Beach over the week end.

Mr. Frederick Brand of St. Louis was a caller at The Sun Office last week. Mr. Brand is vice-president of the Evangelical Lutheran Synod of Missouri, is greatly interested in publication work, and was a visitor at the Conference just closed.

Miss Violet Barrie returned last week from Vancouver, and is staying with her parents at Edmonton Beach.

Mr. and Mrs. Maud McKinlay and the Misses McKinlays are now occupying their cottage at Edmonton Beach.

The new regulations regarding the necessary qualifications of applicants for naturalization papers have been received, and are now on file at The Sun Office.

At the local court Kriehaka Horis was committed for trial on a charge of stealing \$400 in travelling cheques from Harry Maltby.

Death of Mr. Klapper

One of Stony Plain's well-known and highly-respected pioneers passed away last week in the person of Aluis Klapper. Deceased came from Kansas to this district about 20 years ago, and had resided here since.

He was an enterprising and industrious farmer, and was closely identified with the U. F. A. movement since its inception here.

Deceased leaves to mourn his loss his wife, one daughter Mrs. H. Heiche and four sons—Robert, Paul, Henry and Sam, all living at home.

Interment took place on Saturday last. Services were held in St. Joseph's Cathedral, Edmonton, and the remains were laid to rest in the R. C. cemetery.

The "grain of Mustard" for health

Don't refuse the mustard when it is passed to you. Cultivate the habit of taking it with meat, especially fast food. It stimulates the digestion and aids in assimilating your food.

but it must be Keen's

To Hold-Up The Farmers

With weather and other conditions at the end of June—when this article is written—favorable to the production of a bumper crop in all three prairie provinces this year, a report comes of a movement under way having for its object the holding-up of the farmer in order to extort from him a high rate of wage for harvest hands and farm workers in general. It remains for the farmers themselves to nip the scheme in the bud, and for them to be forewarned is to be forearmed.

An effort is now being made by organizers of the I.W.W. to organize a farm-workers' branch of that body of international agitators and trouble makers in Winnipeg, which is the centre of distribution of farm workers throughout Western Canada, and one of the international organizers, is now in Winnipeg assisting the local organizers of the I.W.W.

On a previous occasion, two or three years ago, an attempt was made to organize an I.W.W. farm-workers body among the unemployed in Winnipeg at a time when efforts were being made by the civil authorities to find employment for these men, and it would only be a short time until the farmers would realize the necessity of paying a decent wage in order to protect his personal belongings. Those of the unemployed ranks who were going out on the farm should get together and run an organized sabotage on the farmers, and make them spend more money on tools and implements if they would not spend it on their farm hands.

"The only way to get even with the farmer for paying so small a wage to the worker was for the worker to turn round and sabotage the farmer. There were always lots of wagons, machinery and shovels hidden away in the barns, and it would only be a short time until the farmer would realize the necessity of paying a decent wage in order to protect his personal belongings. Those of the unemployed ranks who were going out on the farm should get together and run an organized sabotage on the farmers, and make them spend more money on tools and implements if they would not spend it on their farm hands."

In Alberta an attempt of the I.W.W. to organize farm-workers' branches was killed through newspaper publicity, resulting in the farmers themselves being made fully aware of the designs against them, and leading to the taking of necessary precautions and concerted action.

Harvest and threshing time in Western Canada always forces the necessity of bringing tens of thousands of men from Eastern Canada and British Columbia for temporary employment in the harvest fields. Included in this temporary army there is always a large number of that class who are in a chronic state of unemployment, men who drift from place to place. There is also a percentage of young fellows "out for a lark" and ready for any kind of devilment. Mixed among them are professional agitators whose business in life is the stirring up of unrest, dissension and trouble. They require to be watched and their presence promptly reported to the authorities.

The vast majority of harvest seasonals are steady, reliable men, willing and anxious to work and give an honest return in labor for their wage. Hundreds of them come to spy out the land with a view to permanent settlement here. Hundreds of others are farmers' sons, who, having completed their own farm work, are keen to see more of Canada, gain new experiences, and earn money which they cannot do by remaining at home. It must be recognized that such men, after paying their fare from the East—low though such fare may be—faced with only a few weeks employment and the cost of the return journey, are entitled to receive fairly good wages, good food, and decent living quarters and treatment. And the farmer who so treats his workers is advancing his own best interests and those of the West at large.

But the man who has no real desire to work, who "soldiers" on his job, who takes fault with everything, and considers all the work he does as a punishment to be inflicted on him, who is not satisfied with his occupation is to be regarded with suspicion. He is a little or nothing, and usually gets more than he does earn. It is this type which later drifts into our Western cities and towns "broke," unable to get back to the place from which he came, and constitutes a burden and source of expense and trouble to these urban communities throughout the ensuing winter months when there is lack of employment for all kinds of men.

Business men and communities generally should unite with the farmers in protecting themselves against this latter class and every possible action taken within the law to eliminate the agitators and keep them in bounds and not allow them to play ducks and drakes with the interests, not only of the farmers at their busiest time, but also with the main body of farm workers and harvesters who are anxious to get on with their work.

Children Cry for

Fletcher's CASTORIA
MOTHER: Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and, by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep.

To avoid imitations, always look for the signature of *Dr. J. C. Fletcher*. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

Won First Victoria Cross

Charles David Lucas Was Decorated By Queen, Victoria.

Included in the estate of Mrs. Frances Russell Lucas, is a priceless relic, the first Victoria Cross ever awarded. Mrs. Lucas was the widow of Admiral Charles David Lucas, the first man to win the V.C.

This was gained on June 20, 1864, when H.M.S. Hecla was bombarding Komoranda fortress, in the Baltic. When the Hecla was within 500 yards of the principal fort, five shells, with the fuse burning, fell on the deck. Lucas, who was then a midshipman, picked up the shell if an instant and hurled it into the sea. Almost before it reached the water it exploded with a terrific roar. Captain Hall, of the Hecla, immediately promoted Lucas a Lieutenant, and three years later Queen Victoria decorated him with the Victoria Cross. Mrs. Lucas was the daughter of Captain J. Hall, of the Hecla, afterwards Admiral Sir William Huttcheson Hall.

NEW STRENGTH

FOR WEAK GIRLS

Can Be Had Through the Rich Red Blood Made by Dr. Williams' Pink Pills

There comes a time in the life of almost every girl when weakness attacks her. The strain upon her blood supply is too great, and there comes headaches and backaches, loss of appetite, attacks of dizziness, heart palpitation, nervousness, weariness and a tendency to decline. All these symptoms may not be present together, but they are the presence of any one of them shows the necessity for prompt treatment. And the very best remedy is Dr. Williams' Pink Pills. They are the one thing needed to maintain the health of growing girls and women of mature years.

Here is a bit of strong proof:—Miss Matilda Brown, King Highway, New-Castle, N.B., says:—"I was in an extremely run-down and nervous condition. I was losing flesh, had a poor appetite, always pale, and suffered frequently from headaches. In fact my condition can best be described as miserable. I had tried several treatments but they did not help me in the least. Then, reading one day about Dr. Williams' Pink Pills, I decided to try them. After using three boxes I was much improved, but continued until I had taken six boxes, with the result that I am now well and strong with good color and a hearty appetite. In view of what Dr. Williams' Pink Pills have done for me I cannot recommend them too highly."

You can get these Pills from any medicine dealer, or by mail at 50 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

Amundsen To Lecture

Captain Aodol Amundsen, Arctic explorer, intends to write a book covering his flight almost to the pole. He will appear in the autumn, and thereafter he plans to lecture at home and abroad.

For Both House and Stable.—There is a good deal of similarity, physiologically speaking, between human beings and the lower animals. Both are subject to many ailments arising from inflammation and to all manner of cuts and bruises. Dr. Thomas' Electric Oil is an entirely reliable remedy for such ailments and mishaps in both human beings and the lower orders of animals.

Curious Inheritance Case

Descendants of Armenian Will Receive Property After Fifty Years

A curious inheritance case is occupying the attention of the Armenian patriarchal court, which is trying to discover the descendants of a wealthy Armenian, named Saterian, who died in India half a century ago and made a will, ordering the inheritance of his great wealth for years, after which it should be equally divided among his descendants. Most of them are believed to be living in Egypt, and of those about a score have already lodged their claims. The estate is said to amount to \$150,000,000, and the difficulties of distribution are increased by the fact that many of the sought-for descendants are scattered over the world and their whereabouts are unknown.

Aspirin is the trade mark registered in Germany and other countries. Beware of cheap imitations of Bayer's Aspirin. To avoid the public's attention, the tablets of Bayer's Aspirin will be stamped with their own trade mark, the "Bayer Cross."

Essay On Canada

British Columbia Wins Most Prizes In Dominion-wide Competition

First prize of \$1,000 in the university group in the essay competitions on the general subject of "Canada North of the Fifty-sixth Parallel of Latitude," has been awarded to J. F. K. English, of 2541 Eton Street, Vancouver, B.C. The competition was open to Canadians in Canadian universities.

First prize of \$1,000 in the general group competition on the same subject went to E. M. Kindle, O.C.A. Second, \$500, to Arthur Woolcott, 777 Burrard Street, Vancouver, B.C.; third, \$300, to Alfred Thompson, of Dawson, Yukon; and fourth, \$200, to Frances Dickie, of Heriot, B.C.

The donors of the prizes were the late Sir William Price, of Quebec City; Sir James Aikins, lieutenant-governor of Manitoba; and A. J. T. Taylor, of Toronto. The judges were: Dr. E. E. Prince, chief commissioner of fisheries, Ottawa; Dr. Charles Gamwell, deputy minister of mines, Ottawa; and Robert C. Wallace, professor of geology of the University of Manitoba.

Many mothers have reason to bless Mother Graves' Worm Exterminator because it has relieved the little ones of suffering and made them healthy.

Honor North Pole Explorers

Amundsen Receives Gold Medal Of Good Citizenship From Norwegian King

The King of Norway has conferred the gold medal of good citizenship on Captain Roald Amundsen, leader of the recent aeroplane expedition to the North Pole. This honor has only been conferred three times previously. Lincoln Ellsworth, Chicago-born member of the expedition, was made commander of the Order of St. Olaf. The other four members of the Amundsen expedition were made Knights of St. Olaf.

An agency dispatch from Oslo reports that the Norwegian state council at a meeting decided to double the national award to Captain Amundsen, making it 12,000 instead of 6,000 kroner.

For Rheumatic Pains.—The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Electric Oil. The soothing and healing properties of this famous remedy have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises and sprains, either in human beings or the lower animals.

Disfiling An Oyster

Out of the mouths of babes and sucklings may be perfected definition as well as praise. For example, there is the case of the teacher who, at the close of the reading lesson, was questioning her class on the subject matter thereof. "What is an oyster?" she asked. "Please, miss," replied the bright boy of the class, "it's half a fish and half a nut."

Science Versus Crime

Doctor's Examination Helped to Convince Man of Guilt

French police suspected a man of counterfeiting, but had not the desired proof. The suspect was quite glib and plausible under examination and nothing could be proved against him. "Before you depart, though," said the investigating "docteur" who examined you. Merely a little precaution in the interest of public health." The man submitted willingly. Two days later the police called at his safe and again took him in custody, for they had evidence that eventually resulted in his conviction. The prisoner had unwittingly supplied it during the physical examination, in a tiny specimen of wax which the doctor had taken from his ear. This bit of wax had been forwarded the director of the police technical laboratory at Lyons, who had photographically enlarged it with his microscope camera. Magnified more than fifty thousand times, the speck of wax showed telltale streaks of printer's ink, particles of dust identified as from a lithographic stone, and traces of characteristic crystals of a chemical used by engravers, undeniable evidence that the prisoner's story was a fabrication.

Believe School Boys Suffering From Leprosy

Two At Newark, N.J., Confined In Isolation Hospital

Suffering from a disease diagnosed as leprosy, two Newark school boys have been taken from their classrooms and confined in an isolation hospital at So Ho, N.J. The victims are brothers, Hal and Frank George, 11 and 13 years old respectively. They complained of a strange skin infection to the school nurse, who reported it to the physicians. Examination disclosed this malady to be leprosy, which the boys are believed to have contracted in Bermuda, where they lived until six years ago, when they came to Newark with their parents, Mr. and Mrs. Frank George.

Whether the corn be of old or new growth, it must yield to Holloway's Corn Remover.

Need More Exercise

The modern housewife is not getting sufficient exercise, Dr. Guy E. Manning, San Francisco, editor of The Pacific Coast Journal of Homeopathy, declared in an address to the eighty-first annual convention of the American Institute of Homeopathy. "The labor-saving devices which have come on the market to make the work of the modern housewife easy are making her lazy; instead," said Dr. Manning.

MURINE

Fresh and carefully packed in pure olive oil. Keep a stock in the pantry for easily prepared, enjoyable meals.

KING OSCAR SARDINES

The Increasing Tourist Traffic Directly Benefits The Farmer As Well As The Merchant

The natural resource intelligence service of the department of the interior at Ottawa says:

As tourism in automobiles and rail road trains go speeding by and through the farming districts no doubt many times our rural residents will wonder what benefit this traffic can be to them.

Governments and municipalities are encouraging visitors even to the extent of appropriating very considerable sums of money for the purpose, and our immense expenditure upon good roads throughout the country are held out as an inducement to motorists to visit us.

That they bring trade to the city cannot be doubted, but they also bring trade to farmers and others. For instance, there is the provision that they consume. It is probably possible to compile a statement of what this consumption would be, using the experience of large caterers as a basis. The quantity of farm products must be enormous, however.

Last year, there were 361,000 motor cars entered at Canadian customs ports for the purpose of remaining in the country for two to thirty days. 2,544 for more than six months, and 1,534,587 for one day only. If these cars brought in an average of but two persons each, and that the 361,000 cars that remained in Canada from two to thirty days, as an example, averaged seven days, they would require 15,380,000 meals. Think of the quantities of cereals, ham and bacon, eggs, milk and butter, meats and poultry, fruits and vegetables, etc., that would be required for these meals. These would all have to be purchased from the farmers, and would make a very large total revenue.

There is the further fact that a very considerable portion of the expenditures of tourists among urban, big city people finds its way back to the farm; in that this revenue is used by them to purchase the necessities for themselves and their families.

It will be seen from the above that our farming interests have a very direct connection with the rapidly growing tourist traffic, and should do what they can, by courtesy and assistance when needed, to make our visitors feel that they are welcome.

Geography and Merchandise

Many people Do Not Know Where Articles Come From

A trip through the average dry goods store might furnish us geographical knowledge as well as a means of securing merchandise. If we would take time to study the names of articles for sale. For example, calico owes its name to Calicut, a town in India. In the days before Manchester was the best calico came from Calicut, and even after the industry came to Britain the old name remained. India is also responsible for muslin, which came originally from a place called Mosul. Two textiles owe their names to France. These are cretonne and cambrie, the first of which came from the Normandy town of Creton, while the second is still manufactured at Cambrai. Serge takes its name from China, whence it was introduced into this country. In 1660. The Latin name for China is Sincium, which gradually has changed into the modern word serge.

Getting Very Serious

We saw a man walking down street the other day carrying a buggy whip. Which led us to inquire if buggy whips were manufactured any more. We were told that there was only one buggy whip factory in the country. Famous factories which make a specialty of fancy harness for driving horses are still getting scarce. They are going the way of ivory shavers—Odds's Weekly.

Canada's Emblem

The beaver first appeared as an emblem of Canada on the coat-of-arms granted by King Charles II to Sir William Alexander. In the drawing of the arms the beaver appears resting on his hind legs, and his broad flat tail. The beaver, among animals, stands for intelligence, daring, industry and perseverance.

W. N. O. 1924

Good Year For Sheep

Hon. W. H. J. Tisdale Completes Inspection of Western Ranges
W. H. J. Tisdale, assistant general manager of the Canadian Co-operative Wool Growers Limited, made a stop in Winnipeg recently on his way east after spending six weeks in the range and domestic wool sections of Alberta and Saskatchewan.

Mr. Tisdale stated he had visited every large band of range sheep in the west and seen a great deal of the domestic as well.

The ranchers generally are turning to the co-operative method of selling, and their own company, the Canadian Co-operative Wool Growers Limited, will get around a million pounds of range wool this season and around half a million pounds of domestic.

"The range wool," continued Mr. Tisdale, "is generally shorn in staple this year and the few places where this is not the case, were located in districts where the snowfall was heavy, became crusted and where the flockmasters had not sufficient feed available to feed well during the period of heavy snow. The quality of the wool was better in years, with these exceptions, and flockmasters are beginning to realize the real value of government grading of their wool and are learning that breeding, feeding and care have a very direct bearing on whether or not their wool reaches the higher grades and the higher prices. The increasing number of Rambouillet bucks is having its effect and some of the finest wool in the world will be harvested this year from a 2,000-head flock of this breed.

Ploughman Has Narrow Escape

Geologists Puzzled Over Caveln On English Farm

Two horses were killed and a ploughman had a narrow escape in a field at Intake Farm, Mansfield, Notts, Eng.

The field, which has been the scene of previous unaccountable "subsidence," was being ploughed when the ground fell away just ahead of the team of horses, and a hole was formed 15 feet long, over a yard wide, and six feet deep.

Before the ploughman could stop the horses they had plunged into the hole, dragging the plough after them. Both horses were suffocated.

It is not known, certainly, what causes these caverns to form, but they are put down to the effect of colliery workings by some.

Geologists who have examined the scene, however, believe that there is an underground stream that wears away the limestone rocks, letting down the surface earth.

Flowers in the Far North

Beautiful Flowers Are Grown At Fort Resolution

At Fort Resolution, North West Territories, is one of the far north sub-arctic, the Dominion experimental farms system. In his most recent report the superintendent states that travellers are agreeably surprised to find such beautiful flowers and in such quantity. A list of the flowers given with the names of the blooming shows: Sweet William, Baby's Breath, Geraniums, Lavender, bloomed in June; Poppy, Matricaria (white), Ecololus, Plink (Dianthus), Daisy, Sweet Allisium, bloomed in July; Mignonette, Marigold, Pansy, Helianthus, Verbena, Sweet Pea, Snow Dragon, Little Blue Star, bloomed in August; Morning Glory, Dahlie, Chrysanthemums (Snow Belle), Zinnias (all colors), and Carnations (Marguerite), bloomed in September.

Exports Of Butter and Cheese

Heavy Increase in Exports is Shown By Government Statistics

From statistics given in the most recent news letter of the Dominion dairy and cold storage branch, it is ascertained that in the twelve months ending with April this year 25,063,767 lb. of butter valued at \$3,504,935, were exported from Canada compared with 19,611,992 lb. valued at \$2,090,888 in the previous year, an increase of 11,450,775 lb. valued at \$1,414,047 in money. Of cheese there were exported in the twelve months ending with April this year 137,406,000 lb. valued at \$24,361,188 compared with 116,071,306 lb. valued at \$22,350,824 in the previous year, an increase of 21,334,694 lb. in cheese and \$2,010,364 in money.

Confidence Of Farmers In Western Canada Much Higher Than For Many Years

Canadians Returning From States

Many Coming Back to Take Up Residence Here Again

The exodus of Canadians to the United States is rapidly nearing an end, and a homeward trek is now under way which will soon counter-balance the tide of emigration, according to statistics issued at Ottawa. Canadians taking up residence in the United States in the calendar year 1924, totalled 150,063, as against 181,973 in the previous twelve months, and figures for the first quarter of the present year indicate that this year's total will be less than half that of 1924.

Simultaneously, during the year ended March 31 last, 43,775 Canadians had previously emigrated to the United States, returned to take up their residence once more in this country, and an even higher total of such persons is anticipated for the current year. In April, the first month of the fiscal year, 1925 returned and May figures, still incomplete, already total 2,576.

Claims Music Helps Flowers

is Needed in Their Daily Diet Says Horticulturist

Flowers will retain their original bloom for many days, if subjected to the rhythmic strains of music, according to F. C. Hillebrand, musician and horticulturist, of Milwaukee. "I have tried music on flowers and I know it will work," he says. "Flowers must have music in their daily diet for certain atmospheric waves set up by the rhythmic musical tones have a beneficial effect similar to light waves." Professor G. A. Shull, of the plant physiology department of the University of Chicago said that "as yet there is not scientific basis for saying positively sound waves do affect plants in the way they do animals, but it is a line of experimental work which will be taken up immediately if the proposed plant research institute is established in the university."

Saskatchewan Leads In Horse Production

Mr. J. G. Robertson, livestock commissioner for Saskatchewan, has made the following brief review of the livestock situation in this province at the present time.

This province has become so famous for its horse production that sometimes people fail to realize the important place which livestock occupies in its agriculture today.

"In horse production, Saskatchewan is easily first among the provinces, having a population of 1,170,746, which is over 500,000 more than any of the others. In cattle production and in the production of hogs we stand fourth among the provinces. Last year our livestock was valued at \$75,357,333.

Farmer Should Be Scientist

One Educated in Farming Methods is Most Successful

That slack farming methods do not pay is generally accepted; but that slack farming methods are a waste of national assets and an injury to the landless population must be the creed of the farmer. Already there are abundant signs that the farmer must be a scientific man, and that the most highly respected professional man of all—Sydney (N.S.W.) Mullins.

One On Himself

Said a hunter to a farmer who rode beside him: "I wouldn't ride over those seedlings if I were you. They belong to a disagreeable fellow, who might make a fuss." "Well," said the farmer, "an' him'ma be won't say nothin' about it today."

Women in Persia have started to bob their hair. But the neighbors call them Persian cats.

A consensus of opinion among collocation and settlement agencies seems to be to the effect that there will be a marked improvement in western Canadian farm lands throughout the year 1925, a view which is borne out by many indications of various nature, generally apparent. This would appear to be the result of a combination of circumstances, of which conditions in western Canada itself constitute only one. Certainly, according to the best agrarian authorities, the morale of the farmers of western Canada is much higher than it has been for some years, and confidence in farming in that area is once more pronouncedly in evidence. In the words of one outstanding authority, "The very fact that settlers came through this winter under such trying conditions of the deflation period has imparted a spirit of confidence that augurs well for the future."

The Manitoba Press felt this tendency even in the months of the past winter and considered it worthy of special inquiry, which it carried out in the peculiarly efficient manner possible by reason of its correspondents in the rural districts. It found that in the prairie provinces, farms were being acquired, the inevitable result of which will be increased acreage under cultivation and greater production. It found that this unquestionable movement in "farm lands" could be traced to one restricted or province, that the bulk of land selling has been improved farms, that a good proportion of the sales are by farmers who are reducing their holdings, and that many are being acquired by farmers who are moving up an adjoining quarter or so for some growing up in the family. It states definitely that few of the sales are being made by farmers who are leaving the country.

The Winnipeg paper marks as distinctly worthy of note that even at the early period at which the survey was conducted, many sales of land were being made to farmers from across the international border. It is interesting since that time on the part of American farmers in western Canadian farm lands has become yet more pronounced and inquiries have been coming to Canada at a rate which has not been known in previous years. Combined with the markedly improved condition of the farmers in western Canada is a change in the economic circumstances of those in the United States which is permitting them to liquidate and take the money story steps many of them have contemplated for some time.

Pruning Tomatoes

Experiments Carried On At Dominion Station At Rothbar, Sask.

In his report for 1924 the superintendent of the Dominion experimental station at Rothbar, Sask., gives the results of an experiment in different methods of pruning tomatoes, in which three standard varieties were used. On June 9, three rows of each variety were transplanted in the open in rows two feet apart and planted two feet apart in the row. As the fruit set, the plants in one row of each of the three varieties were cut above the first bunch of fruit, and this method of pruning was compared with cutting above the second bunch and above the third bunch. The total yield of ripe and green fruits from one bunch was 57 lb. from two bunches 73 lb. and from three bunches 114 lb. The amount of ripe fruit from one bunch was 41 per cent, 37 per cent, from two bunches and 27 per cent, from three bunches. Cutting back to one bunch, states the superintendent, decreased the yield and did not hasten maturity sufficiently to warrant the practice.

Unusual Ceremony in Belgium

An unusual ceremony occurred when eighteen couples, all residing in the same district, took a solemn, celebrated these golden weddings. King Albert sent messages of congratulations.

Tight!

Roman—Who is your closest relative?

Reeder—Oh, I think Uncle Bill is about as close as I think.

CAPTAIN BLOOD

by RAFAEL SABATINI

Copyrighted, 1922, by Rafael Sabatini.
CAPTAIN BLOOD, a Vineyard picture with J. Warren Kerrigan
in the title role, is an adaptation of this thrilling novel.

CHAPTER XXVI.—Continued.
"It's myself he's hunting at Cartagena, my lord," said Blood. "But I'm thinking that while he's about it, I'd best be looking after Jamaica for King William." He laughed, with more mirth than he had used in the last two months. "Set a course for Port Royal, Jeremy, and make all speed. We'll be level yet with M. de Rivaroli, and wife off some other score at the same time."

"But you are not equal to it, damme!" cried his lordship. "Any one of the Frenchman's three ships is a match for both yours, my man." "It's gone—aye," said Blood, and he smiled. "But there's more than guns that matter in these affairs. If your lordship would like to see an action fought at sea as an action should be fought, this is your opportunity."

"Rivaroli carries in his hold the treasure plundered from Cartagena, my lord," said Blood, and he amounted to forty million livres. He has gone into Port Royal with what he deemed he defeats me or not, he doesn't come out of Port Royal with it again, and sooner or later, that treasure shall find its way into King William's coffers," after say, one-fifth share shall have been paid to my buccaners. Is that agreed, Lord Willoughby?"

His lordship stood up, and shaking back the cloud of hair from his white head, he said a delicate white hand.

"Captain Blood, I discover greatness in you," said he.
"Sure it's your lordship has the fine sight to perceive it," laughed the Captain.

CHAPTER XXVII.

The Last Flight of the Arabella.
It was the afternoon of that same day, and the two buccanier ships rocked gently with idly flapping sails under the lee of the long spit of land forming the great natural harbor of Port Royal, and less than a mile from the strait leading into the bay, the fort commanded it. It was two hours and more since they had brought up thereabouts, having crept thither unobserved by the city and by M. de Rivaroli's ships, and all the time the air had been agitated with the roar of guns from sea and land, announcing that battle was joined between the French and the defenders of Port Royal. That long, inactive waiting was straining the nerves of both Lord Willoughby and van der Kouwen, who faced them, smiling confidently. "It's this way, now; there's nothing at all to be gained by precipitancy, and a deal to be gained by delaying, as I shall show you, I hope. Sure, I'll be time enough to go forward when the fort has shot its bolt." He

TO EXPECTANT MOTHERS

Letter from Mrs. Ayars Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Spring Valley, Sask.—"I took the Vegetable Compound before my last confinement, when I got feeling so badly that I could not sleep nights, my back ached so across my hips, and I could hardly do my work during the day. I never had such an easy confinement and this is my sixth baby. I read about Lydia E. Pinkham's Vegetable Compound in the 'Farmer's Telegram' and wrote you for one of your books. We have no druggists in our town, but I saw your medicine in T. Eaton's catalogue. 'I am a farmer's wife, so have no chance of work to do inside or outside the house. My baby is a nice healthy girl, who weighed nine pounds at birth. I am feeling fine after putting in a large garden since baby came. (She is as good as she can be.) Your is the best medicine for women, and I have told about it and even written to my friends about it."—Mrs. ANNE E. AYARS, Spring Valley, Sask.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers, and should be taken during the entire period. It has a general effect to strengthen and tone up the entire system so that it may work in every respect as nature intends. All druggists sell this dependable medicine. Give it a trial.

W. N. U. 1584

broke off to listen. "Aye, I was right. The fire's slackening. Ho there, Jeremy!"

Came the padding of feet along the decks, the creaking of blocks and the hoisting of sails. The helm was put over hard, and in a moment they were moving, the Elizabeth following, ever in obedience to the signals from the Arabella, whilst Ogle, the gunner, whom he had summoned, was receiving Blood's final instructions before plunging down to his station on the main deck.

Within a quarter of an hour they had rounded the head and stood in to the harbor mouth, within a shot of Rivaroli's three ships, to which they now abruptly disclosed themselves.

Where the fort had stood they now beheld a smoking rubbish heap, and the victorious Frenchman with the lily standard trailing from his mastheads was sweeping forward to snatch the rich prize whose defences he had shattered.

Led now by Blood himself, they launched themselves upon the French.

Blood scanned the French ships, and chuckled. The Victreuxse and the Medusa appeared to have taken no more than a few men, but the third ship, the Baleine, listing heavily to starboard so as to keep the great crash in her starboard wall above water, was out of account.

The sight of that great red ship with her slit back-head and open ports yawning broadside on must have given cause to Rivaroli's roaring excitement. Yet before he could move to give an order, before he could well resolve what order to give, a volcano of fire and metal burst upon him from the buccaniers, and his decks were swept by the murderous scythes of the broadside. The Arabella held to her course, giving place to the Elizabeth, which, following closely, executed the same manoeuvre. And then, whilst still the Frenchmen were confused, panic-stricken by an attack that took them so utterly by surprise, the Arabella had gone about, and was returning in her tracks, presenting now her starboard guns, and loosing her second broadside, in the wake of the first. Came yet another broadside from the Elizabeth and then the Arabella's trumpet sent a call across the water which Hargreaves perfectly understood.

"On, now, Jeremy!" cried Blood. "Stand by! Prepare to board! Hayton! . . . the grape! Briskly! he explained himself to his two guests. "Boarding is our only chance here. We are too heavily outnumbered." Of this the fullest demonstration followed quickly. The Frenchman having recovered their wits at last, both ships swung broadside on, and concentrating upon the Arabella as the nearer and heavier and therefore more immediately dangerous of their two opponents, volleyed upon her fatally at almost the same moment. The Arabella rocked and staggered under that terrific hammering. For a moment she seemed to hesitate, then she plunged forward with a gaping hole forward, that was only a bare water-line. Meanwhile, the Frenchman going about, gave the like respect to the Elizabeth. The Arabella, indifferently served by the wind, pressed forward to come to grips. But before she could accomplish her object, the Victreuxse had loaded her

USE - **2 in 1** Shoe Polish
It saves the leather and - Improves your personal appearance

starboard guns again, and pounded her advancing enemy with a second broadside at close quarters. Amid the thunder of cannon, the rending of timbers, and the screams of maimed men, the half-wrecked Arabella plunged and reeled into the cloud of smoke that concealed her prey, and then from Hayton went up the cry that she was going down by the head. The blue and gold flank of the Victreuxse loomed through the smoke. But even as Blood caught that enheartening glimpse he perceived, too, how sluggish now was their advance. They must sink before they reached her. But they had not yet completely failed. Hayton himself, and a score of sturdy rogues whom his whistle had summoned, were crouching for shelter amid the wreckage of the forecastle with grape-shells ready. Within seven or eight yards of the Victreuxse, when their way seemed open, and their forward deck already awash under the eyes of the jeering, cheering Frenchmen, those men leapt up and forward, and hurled their grape-shells across the chain. Of the four they flung, two reached the Frenchman's decks, and fastened there. Unhesitatingly all three themselves upon the chain of one of those grape-shells, neglecting the other, and heaved upon it with all their might to sweep the ships together. Blood sent out his voice in a clarion call:

"Mucketers to the prow!"
Fifty of them dashed forward instantly, and from the ruins of the forecastle they blazed over the heads of Hayton's men, mowing down the French soldiers who, unable to dislodge the frons, firmly held where they had deeply bitten into the timbers of the Victreuxse, were themselves preparing to fire upon the grape-iron crew.

Starboard to starboard the two ships swung against each other with a jarring thud. The advance guard of boarders, a hundred strong, were ordered to the poop, grape-iron men were posted, and prompt to obey Blood's command at the very moment of impact. As a result, the foundering Arabella was literally kept afloat by the half-dozen grapples that in an instant moored her firmly to the Victreuxse.

Led now by Blood himself, they launched themselves upon the French like hounds upon the star they have brought to bay. For fully half an hour that battle raged about the Frenchman. The French resisted stubbornly, and they had the advantage of numbers to encourage them. But for all their stubborn valor they ended by being pressed back and back across the decks that were dangerously canted to starboard by the pull of the water-logged Arabella. The buccaniers fought with the desperate fury of men who know that retreat is impossible, for there was no ship to which they could retreat, and here they must prevail and make the Victreuxse their own, or perish.

"Lady Of the Peony Rose"
Peonies Flourish to Utmost Perfection in Canada
A blaze of color will meet the eyes of those who visit the C.P.R. pavilion at Wembley early in July; for 5,000 peony blooms will soon be shipped overseas from Canada for exhibition purposes.
Canada has long enough been heralded as "Our Lady of the Snows," say those who are behind the scheme. The time has come when she should be known as "Our Lady of the Peony Rose."

The bulk of the blossoms will be cut from plants grown by W. Orniston Roy, well-known landscape gardener of Montreal. In order that everything may be done to keep the blooms in proper condition, John F. Roy will go over with them on the boat; for it is believed that this is the first time cut flowers have been sent across the ocean on a considerable scale. A temperature varying with the humidity, but below 40 degrees Fahrenheit, is required for the best results.

W. Orniston Roy's world-famous collection of peonies, recognized as the greatest and largest assemblage of the classic sorts old enough to produce exhibition blooms, will be supplemented by a few rare kinds from the noted peony gardens of H. Norton, Ayerscliff, Que.

Mr. Roy has a growing ambition to have the peony recognized in Canada at its true value as a landscape plant, and he claims that it is the only beautiful hardy plant that will thrive the length and breadth of Canada. This is a rare and proud distinction, because our national emblem, the maple, cannot exist in many parts of our country. The peony requires less care than any other plant or shrub, and will succeed in any good garden soil, provided it is exposed to sunlight and is well drained. Given these simple conditions, and if it is not planted more than two or three inches below the surface of the soil, it will grow in any province of the Dominion, even the Klondyke, he says.

The varieties which Mr. Roy intends exhibiting at Wembley will include such rare sorts as La France, Solange, Tourangelles, Sarah Bernhard, Enchantement and Avalanche—all of which are seldom seen in such perfection in English gardens. In fact, in no country in the world do they flourish so well as in Canada—not even in China, where the first peonies came from, and where for upwards of a thousand years the plant has been regarded with love and reverence.

From Mr. Norton's garden will come blooms of such unusual varieties as Kellway's Glorious, which originated in England; Le Cygne, perhaps Victor Le Moine's greatest contribution to the peony world; Martha Bulch and Mrs. Edward Harding's of which there are a number of American origin, all of which will range from \$25 to \$100 a plant.

Mr. Roy points out that if Canadians once appreciate the value of the peony in landscape planting, every city and village in the country could be as noted for peonies in a comparatively few years as Portland, Oregon, is now famous for its roses. Canada yet has the opportunity to preempt the peony and to grow it in every garden where there is a yard or two of soil open to the sun. No other country has yet taken to its wonderful possibilities.

Tree Grew From Cane

Cottonwood Stick Was Planted in Kansas Fifty Years Ago

One of the largest trees in Hutchinson, Kas., has grown from a judge's cane.

Fifty-one years ago, in April, 1874, Judge W. H. Brown, the first judge of that city, was walking along East Sherman Street in Hutchinson (writing a cottonwood stick. Amos Plank, veteran jeweller, who vouches for the story, was working in his yard when Judge Brown came along with the cane.)

"Well, I guess I'd better plant you a tree," the judge remarked, and he stuck his cane into the soft ground in front of the Plank home. Plank was called away from home for the summer. When he returned he found the cottonwood stick had sprouted. He left it in the ground. Today it is one of the largest cottonwood trees in Hutchinson—New York world.

Don't you believe that it's hard to be poor. It's the easiest thing in the world.

DR. HAMILTON'S PILLS
FOR HEADACHE, BILIOUSNESS, CONSTIPATION, INDIGESTION, KIDNEY, LIVER, BOWELS.

Trotzky's Uncollected Salary
Trotzky used to live in New York. He left there in order to help in the Russian revolution and has since become a world figure. In his haste he neglected to collect three months' salary from the Canadian Pacific Railway for publicity work. Some time ago the treasurer of the company wrote him relative to it, but has had no reply. He may be thinking of coming back to collect.—Railroad Magazine.

UNSURPASSED FOR CHILDHOOD AILMENTS

Mrs. Howard King, R.R. No. 5, Truro, N.S., says:—"I am the mother of four children and have always used Baby's Own Tablets when any of them needed a medicine, and I can recommend the Tablets as being unsurpassed for childhood ailments. Thousands of other mothers agree with Mrs. King as to the merits of the Tablets. There are thousands of them throughout Canada where the Tablets are always kept on hand in readiness for the least sign of any of the minor ailments which afflict little ones. Baby's Own Tablets never fail to regulate the stomach and bowels, thus they banish constipation and indigestion; break up colds and simple fever; relieve colic and bring the baby through that dread teething period in safety. The Tablets never do harm—always good—as they are guaranteed absolutely free from any injurious drugs. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Paid Off Money

A New York broker gets new currency and then sends it to his stationer to be made up in pads. He says this is the most convenient way to keep the money from being misused up.

Miller's Worm Powders act mildly and without injury to the child, and there can be no doubt of their deadly effect upon worms. They have been in successful use for a long time and are recognized as a leading preparation for the purpose. They have proved their power in numberless cases and have given relief to many children, who, but for the good offices of this compound, would have continued weak and infirm.

Taught 80 Years

For 80 years, Mrs. Amy Slade, of Hastings, Eng., who recently celebrated her 102nd birthday, has been a Sunday School teacher. She is believed to hold the world's record.

THE constant use of Sally Ann in household duties is beneficial to the hands—it leaves them white and soft. Softens hard water; can't scratch.

CLEANSER

TRY TO EFFECT A UNION OF ALL WAR VETERANS

Ottawa.—Four veterans' associations in Canada already have pledged themselves to the establishment of a united organization as a result of a series of conferences held since the arrival of Field Marshal Earl Haig in Ottawa. Representatives of several other national and local bodies have pledged themselves to carry the proposal for a complete union to their memberships and obtain an expression as soon as possible.

In a statement, Lieut.-General Sir Richard Turner, V.C., Dominion President of the G.W.V.A., who has acted as chairman of the conference, presented a survey of the results to date. The statement is in part as follows:

"Organizations that have been pledged to union of all veterans in Canada include the Great War Veterans' Association, the Canadian Legion, the Tuberculosis Veterans' Association, and the Naval Veterans of Toronto. These groups will continue to function as at present until the unity convention can be assembled.

"The calling of this convention probably will be delayed a few months, as other associations, such as the Army and Navy Veterans in Canada, the Imperial Veterans in Canada, the Veterans' Civil Service Guild, the Grand Army of United Veterans, etc., will be holding conventions during the next two or three months.

Says Japan Has No Desire To Go To War

Chicago.—Trouble between Japan and Russia is inevitable, unless the Soviet Government ceases its tactics of spreading "Red" propaganda, said Count Michimasa Toyoshima, member of the Japanese House of Peers, who was interviewed here. "Japan has no ambitions, calling for aggression against any nation. Although she is still hurt over the action of the United States in excluding her nationals, Japan has no desire to go to war."

Feels Railway Should Carry Out Agreement

Ontario Will Get Alberta Coal Says
Sir Henry Thornton

Ottawa.—Experimental shipments of 25,000 tons of Alberta coal to Ontario will be made in accordance with the original understanding, Sir Henry Thornton, president of the Canadian National Railway, stated in an interview at Ottawa.

Sir Henry explained that since the statement made last week as to the effect that in view of the pending re-organization of freight rates, the National Railway would not be able to carry out the experiment, there had been a conference with officials of the Ontario Government. In this conference it was shown that many persons in Ontario had in good faith committed themselves to the handling of the Alberta coal. Sir Henry stated that when he learned matters had gone so far and the actual commitments had been made, he felt that the Canadian National Railway should carry out its agreement.

Mannix Not Molested

Was Allowed to Parade Through
Streets of Dublin

Dublin.—Archbishop Mannix, and a group of Australian bishops, who arrived here yesterday were given a great ovation as they passed in procession, accompanied by many bands, through the crowded streets.

The Free State Government had shown no disposition to interfere with the visit of the archbishop, who was refused permission to land here in 1920, by the British authorities, because of his strong sympathy with the Republicans.

Mrs. M. J. B. Durd

Montreal.—Mrs. M. J. B. Durd, of Vancouver, mother of F. J. Burd, manager of The Vancouver Daily Province, and Richard Burd, member for Alberta in the British Columbia Legislature, died suddenly here of apoplexy, while she was visiting friends.

M. S. WATSON

Editor of The Times, Deloraine, Man., and President of the Manitoba Division of the C.W.N.A. Mr. Watson attended the annual convention held in Winnipeg on June 24, 25 and 26.

C.W.N.A. Convention

Most Successful Gathering of Weekly Newspaper Men at Winnipeg

Conceded to be the most successful gathering yet held, the Canadian Weekly Newspaper Association assembled at the Royal Alexandra in Winnipeg for their sixth annual convention on June 24, 25 and 26. Some 400 delegates were in attendance from all over Canada. On the opening day the members were welcomed to the city of Winnipeg by Mayor Webb. The business sessions occupied the better part of three days, and the addresses and discussions were found to be most helpful.

On the second day, at the conclusion of the business session, a visit was made to the Parliament Buildings and to the Manitoba Agricultural College, where the delegates were the guests at a dinner given by the Manitoba Government. Premier Bracken presided and gave an excellent address. Premier Dunning of Saskatchewan also delivered an inspiring address, outlining his view of the work the association is doing in helping to build up Canada as a nation, and his ideals of what Canadian citizenship should be.

Election of officers resulted as follows: President, L. J. Ball, Vernon, B.C.; first vice-president, J. A. MacLaren, Barrie, Ont.; second vice-president, S. N. Wynne, Yorkton, Sask.; and directors: British Columbia, Hugh Savage and Ben Hughes; Alberta, J. McKenzie and L. D. Nesbitt; Saskatchewan, J. McDonald, S. J. Dorman and D. C. Dunbar; Manitoba, J. L. Cowie and M. S. Watson; Ontario, F. A. J. Davies, E. D. Evans, W. E. Mason and D. Williams; Quebec, J. S. Gies and V. Dube; Maritimes, H. R. Arnburn and H. B. Anslow. Chairman of circulation and subscriptions committee: R. C. Fahrr, Gladstone. Chairman of membership committee: C. R. McIntosh, North Bay, Ont.; chairman of advertising committee, W. R. Davis, Kenilworth, Ont.; chairman of editorial committee, M. MacBeth, Milverton, Ont.; commercial printing committee, P. B. Elliott, Alliston, Ont.; postal and parliamentary, Lorne Eddy, Walkerton, Ont.; paper, W. A. Fry, Dunnville, Ontario.

At the conclusion of the business sessions on Friday afternoon, cars were in readiness, and a tour of the city was made, which ended at Klifton Park, where the delegates were the guests of the city at dinner.

Lorne Eddy, the retiring president, in returning thanks for the hospitality of the city, said: "None of us will ever forget this visit, and it has certainly widened our outlook, especially those of us who live in the east. I look for great good from the holding of the 1925 convention in Winnipeg."

In the evening a ball was held at the Royal Alexandra Hotel, when the visitors were the guests of the Canadian Pacific Railway.

On Saturday afternoon a trip was made to Grand Beach, through the courtesy of the Canadian National Railway, and in the evening officials of the C.N.R. gave an enjoyable dance at the Fort Garry Hotel to the visiting delegates.

Add To Building

Saskatoon, Sask.—Owing to the increasing demand for package rolled oats the Quaker Oats Co. has found it necessary to add a fourth story to the package building at its mill here, and the addition is now under construction.

GRAVE FEARS OF COAL SHORTAGE ENTERTAINED

Ottawa.—Grave possibilities of an industrial struggle in the anthracite regions of the United States upon the termination of the present wage agreement on September 1, are indicated by the latest reports received from these fields, stated Dr. Charles Cammell, chairman of the Dominion fuel board. Householders, he declared, hardly as was humanly possible, should, therefore, obtain at once supplies of whatever kind of domestic fuel they intend to use during the fall and winter months.

Dr. Cammell pointed out that if trouble developed in the American anthracite coal fields during the coming fall, we would probably be confronted again with the necessity of begging for small amounts of any kind of fuel at any price.

United Public Opinion

Canadians Can Alter the Whole National Situation Says Byng

Victoria, B.C.—If Canadians would meet on common ground to consider their differences they could alter the whole national situation, declared Lord Byng, governor-general of Canada, who is making a tour of the western provinces, during the course of an address before the Canadian Club here.

"If there was a united public opinion," stated Lord Byng, "something would happen. If the east and west could get together in a nice way, if the French and English people could talk differences over in friendly fashion, they could produce a harmony that might be fraught with great possibilities. A united public opinion might take us a long, long way toward freedom from our differences from a sectional point of view."

France Signs Protocol

Geneva.—A League of Nations official communiqué announces that Paul Bonecourt, French chief delegate to the recent arms conference at Geneva, has signed for France the conference protocol against the use of poison gas and bacteria in warfare.

Movie Adonis Gets Black Eye

Milton Sills, darling of the flappers, old and young, and forceful hero of the rapid action film, *The Hawk of Romance*, got his black eye. He has been acting in "The Knock-Out," which was made at Beauport in Northern Quebec, and in an encounter with the villain the latter swung a heavy one onto the star's eye which resulted in the usual coloration. Here he is seen, debonair and smiling, on the Canadian Pacific Windsor Station, Montreal, just back from his strenuous labors and almost recovered. The right eye still shows a faint indication that it has been in the war. He says it is in the game and takes the slight offset good-humoredly. During the making of the picture he had the exceptional luck to see the biggest hogman in sixty years on the Montreal River, near Beauport, shot of which are incorporated in the film.

S. J. DORNAN

Editor and Proprietor of The Dispatch, Alameda, Sask., and Secretary of the Saskatchewan Division of the C.W.N.A. Mr. Dornan took an active part in the proceedings of the annual convention held in Winnipeg the last week in June.

Wheat Pool Crop Year For 1924 Ends July 15

Regina.—The Saskatchewan Wheat Pool will close its 1924 crop year July 15, the date set for making the cut-off, it is announced by A. J. McPhail, president. The Alberta and Manitoba pools have set the same date for making their cut-off. "Any grain received at the terminals after July 15 will be treated as though it were part of the 1925 crop," added Mr. McPhail, who, as an initial payment of one dollar will be made until the initial payment for the 1925 crop has been definitely decided later in the season."

Another Imperial Parley Suggested

But British Premier Doubtful As To
Its Usefulness Just Now

London.—A. C. H. Drey, member of the House of Commons, has suggested, in view of the danger to the Empire owing to the state of trade in Britain, that representatives of Dominion should be called together, to formulate Empire schemes to develop the resources of the dominions and finding work for the unemployed. Premier Baldwin replied that the government was engaged in furthering, to the best of their ability, inter-imperial co-operation and development of the empire's resources on lines agreed upon at the imperial economic conference of 1923.

He doubted whether, at this stage, the summoning of another imperial conference would materially advance the objects, which all were equally concerned to promote.

The Oldest Newspaper

Claims Halifax Chronicle is Canada's
First Newspaper

Halifax, N.S.—Claiming for Halifax the distinction of having Canada's first newspaper, the Halifax Morning Chronicle, in its 1925 tourist edition states:

"At 172 Grafton Street stands the building in which was printed Canada's pioneer newspaper, 'The Halifax Gazette'—today 'The Nova Scotia Royal Gazette'—the oldest paper being published in North America. The paper has been published continuously for 173 years and is now the official publication of the Nova Scotia Government."

-Canada's Sea Harvest Increases

Ottawa.—Canada's sea harvest increases in value. In May, 1925, 87,264,000 pounds of sea fish were landed on both coasts and the value of the catch, \$1,832,146, is nearly a million dollars higher than in May, 1924. On the Pacific coast, 1,834,300 pounds of salmon were taken, compared with 927,400 pounds in May, 1924.

Cloudburst in California

Bakersfield, Calif.—A cloudburst in Tejon Pass, 4 miles south of here, on the Ridge Route, delayed all traffic nearly three hours.

Tons of debris were washed over the mountain highway and a crew of 15 men with trucks and scrapers were necessary to open up a one-way passage. No lives were lost.

EMIGRATE THE ONLY CURE FOR BRITAIN'S ILLS

London.—Dr. Winnington Ingram, Bishop of London, speaking at the Church House, Westminster, on the subject of Anglican Church aid for British Columbia, said he had been in Canada twice, and each time had returned with a feeling that Canada was going to be one of the greatest nations in the world.

Bishop Ingram said he believed that emigration was now the only cure for Britain's ills at home. He had read with amazement, he said, the premier's remarks about the numbers emigrating having decreased from 200,000 to 130,000 a year. If this was so, it seemed perfectly calamitous. Undoubtedly, unemployment in Britain was largely due to the slowing down in emigration. The real solution of British difficulties was to send to countries like Canada, Britain's very best—not the unfit—to build up that great country.

Canada's London Home

Office at Hub of British World Says
Manchester Guardian

London.—The London papers, as was to be expected, have extended cordial editorial comments on the formal opening of the new Canadian Building here by the King, and papers published outside of London have been equally cordial in their remarks about the event.

The London Daily Telegraph says: "The Dominion of Canada at last has secured a home in London worthy of its past position and its future. The re-modelling of the building for its use has improved the amenities of Trafalgar Square, for which the people of London and, indeed, the whole Empire, owe a debt of gratitude to the Canadian people."

The Manchester Guardian, noting the tendency of the dominions to plant their offices as near as possible to the heart of London, says Canada certainly has secured a home the closest of all to the heart of the metropolis; her admirable building is right in the hub of the British world, where everyone who comes to London will see it, for it is as inescapable as Nelson's monument."

Heart Disease More Deadly Than Cancer

Terrific Pace Imposed By Rapid Way
Of Modern Living

Portland, Ore.—Great strides in medical efforts to lengthen the average span of human life cannot be made until heart disease, now more deadly than cancer, tuberculosis and plague, is controlled, physicians here, attending the opening of the 1925 session of the Pacific Northwest Medical Association, declared.

The human heart must physically be a heart of steel to withstand the terrific pace imposed by the rapid pace of modern living, declared, one of the leading medical men of the world, both of whom devoted their lectures to discussions of the heart.

Grain Growers Disapprove

Regina, Sask.—Disapproval of the action of certain western Canadians in parliament in supporting a clause in the revised Canada Grain Act taking away from the farmers the right of determining where their grain should be loaded, denoted it is held, was expressed in a resolution unanimously passed by the executive of the Saskatchewan Grain Growers' Association in session here.

Will Investigate Fires

Montreal.—Every fire occurring in Canada will be subject to investigation, following the decision of the Canadian Fire Underwriters' Association, at a meeting at Murray Bay, to extend the activities of its inquiry department to cover the entire Dominion.

Americans Bring Wealth

During the year ended April 30th, 1925, the value of real estate exports entering Canada from the United States amounted to \$5,327,000, an increase of about \$400,000, as compared with the corresponding period of the previous year.

Red Cross Classes Close
The series of Red Cross lectures
has now been completed, and we
wish to place on record our ap-
preciation and thanks to all who
have assisted the work.

We thank the S. P. Town Coun-
cil for the free use of the Town
Hall during the past three months.

We thoroughly appreciate the no-
tices appearing in The Sun, which
kept everyone posted.

Our thanks are also due to
Messrs Oppenheimer & Sons for
their kindness and courtesy in loan-
ing all the heavy furniture and
materials necessary for demonstra-
tion purposes, and also to those
who carried over and fixed up the
same.

Messrs J F Clarke and A E
Michael have also kindly loaned
to us many of the lighter neces-
sities, for the use of which we are
very grateful.

The secretarial work has been
ably and happily carried out by
Mrs R A Walton. This has re-
lieved our minds of all but the ac-
tual organizing, and has helped
considerably to make the series a
success.

The two important lectures—
"Maternity" and "Communicable
Diseases," were kindly taken for
us by Dr R M Oatway and Dr
Walton.

To these and to all who have
helped in any way we desire to
express our very sincere thanks.
J J McIlhenny, for the W L
Isabel M Elliott, for Red Cross.

Here and There

The entire Province of Prince
Edward Island and a portion of
have been leased for 25 years for
purposes to Henry L. Donohoe
Company, according to an agree-
ment by the cabinet. The lease had
been taken on April 1.

Indications are that 1925 will be
one of the best tourist seasons ever
experienced by Montreal. It is es-
timated that 750,000 people from all
over the continent visited Montreal
last year, while this year the number
is placed at a million.

It is understood that a contract
has been let for the laying of
marine cable from Vancouver Island
to Suva, Fiji Islands, by the Pacific
Cable Board. This is part of the
"All-red" cable and wireless route
which is being established between
British possessions the world over.

In order to facilitate the work of
the air force patrol radio stations are
being erected at the Pas, Norway
House, Victoria Beach, and Fort
Osborne Barracks, Winnipeg. The
stations will be completed shortly
and will have, it is stated, a radius
of communication all over Canada.

"Judging from the amount of
sound business activity noticeable
here, British Columbia is launching
into an era of extensive develop-
ment which augurs well for her fu-
ture prosperity," comments Grant
Hall, Vice-President of the Canadian
Pacific Railway, who recently spent
ten days on the Pacific Coast.

"So long as the Canadian Pacific
Railway has a dollar left in its treas-
ury, it will fight for the ideal, up-
hold the faith and maintain the pre-
cious heritage of civilization," said
E. W. Beatty, Chairman and Presi-
dent of the Canadian Pacific Rail-
way, when addressing the Canadian
Manufacturers' Association at their
annual convention held at Hamilton
recently.

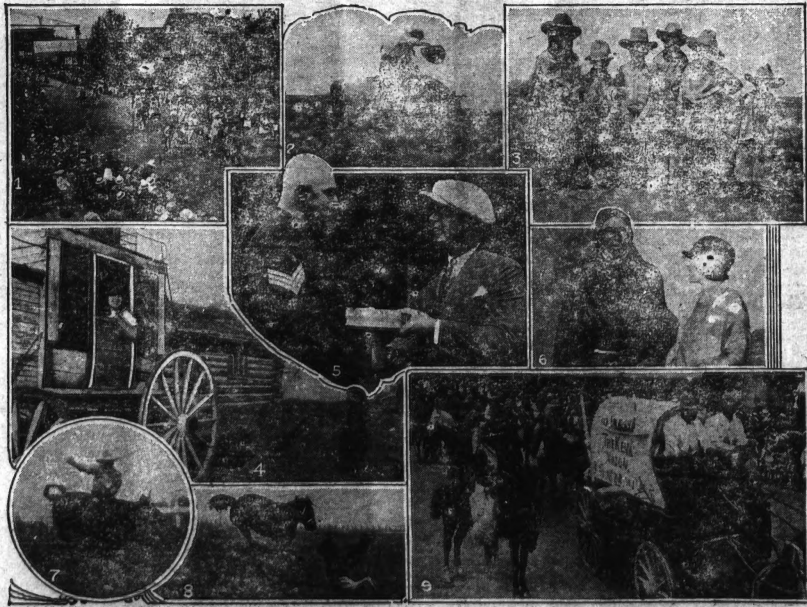

Eleven hundred pounds of speckled
trout, gray trout and pike were the
trophies taken back to New York
recently by seven members of the
Caughnawaga Hunting and Fishing
Club, private preserves near Mont-
real, after a two-week stay on the
fishing grounds. The catch included
a 19-lb. gray trout and the average
weight worked out at around eight
pounds.

Frank W. Ashby, secretary of the
Australian Manufacturers' Association,
visiting here recently, said the
impression in Australia was that
Canada was the back door to the
North Pole. People in the Antipodes
think that Hudson's Bay and Baffin's
Bay are linked up municipally
with Montreal and Winnipeg, he
said. He was surprised to find the
Dominion had a delightful climate
and cities more modern than those
in Australia.

What is stated to be the biggest
log jam in sixty years recently oc-
curred on the Montreal River in a
gorge through which the river flows
into Lake Temiskaming. 300,000
logs were piled up to a height of 30
feet with a width of 250 yards, chok-
ing the river for 300 yards down at
the point where the jam took place.
An army of 100 men, working night
and day for three days, at last suc-
ceeded in breaking the jam with
dynamite.

A three-week tour of Canada by
teachers and their friends, under the
auspices of the U. S. Lays, of the
Donald College, will leave Toronto
July 23 on the Canadian Pacific Rail-
way. The party will travel by train
to Vancouver and Victoria, and will
return by way of Southern British
Columbia, across the northern end
of the Prairie Provinces and by boat
from Fort William east. Stops will
be made at all the principal points
on the route.

All Set For the Calgary Stampede

1. Cowboys in the Parade. 2. "Bucking Billy." 3. Cowboys in the pen. 4. The old coach resurrected. 5. Host Gibson and Sgt. Kendall, late of the R.C.M.P. 6. The Old Chief. 7. Roy Hutchinson does his stuff. 8. "Coyote" Frank gets dumped. 9. The Covered Wagon.

The Jubilee Historical Pageant and Stampede commemorating the 50th anniversary of the coming of the Mounted Police to Calgary and the birth of the city will be the centre of attraction of the West for all Canada, and commences July 6 leading to July 11. It will furnish the chance of a lifetime for tourists to get something entirely out of the ordinary from the usual trip to the West and the Mountains. Among the attractions there will be Host Gibson, the well-known movie cow-

boy star, who will be making special motion pictures of the celebrations, and who will be supported by fifty of a staff from California. In the Historical Pageant some 18 to 20 floats will be used representing different periods in the history of the West and Calgary's development. The plan for the Pageant involves the representation of twenty episodes, which show in colorful detail the history of the West before and after the coming of the white man. There will be the pre-civilization

Indian period, then the coming of the Explorers, Fur Traders and Adventurers of the 18th century, the arrival of the Catholic Fathers, the lawless period of the first settlers, the coming of the mounted Police, the Riel Rebellion, the coming of the railway, the intensive development of the West, the Great War call to arms, and finally Calgary and the West as they are to-day, the Granary of the World. The high lights of the Stampede will be the individual exhibitions of

buck-jumpers by the best cowboy riders of the West who will gather from far and near to the celebra-
tion. Somewhere around 1,500 horses will be used in the Grand Parade, which it is estimated will be about five miles long. Universal Film Company are making a rousing Western feature out of the Show and will aim at producing a Canadian "Covered Wagon" from the spectacle. The Stampede will undoubtedly be the high light of the West and will surely stand as a great record of achievement for many years to come.

WORLD HAPPENINGS
BRIEFLY TOLD

The Earl of Clarendon has been appointed chairman of the Overseas Settlement committee.

The annuity of \$7,500, guaranteed by the Federal Government to Dr. F. G. Banting, of Toronto, passed the House of Commons.

The Daily Chronicle and Weekly Gazette, the oldest newspaper in Canada, formed in 1764, has ceased publication.

Twenty-eight persons were killed and 130 houses destroyed by a hurricane which swept over the province of Alta, Russia.

Major A. R. Thompson, son of Col. Andrew Thompson, Ottawa, has been appointed Gentleman Usher of the Black Rod, in succession to the late Col. R. J. Chambers.

The cost of constructing Tokyo's new subway system will be somewhere in the neighborhood of 187,000,000 yen, according to the plans drawn up by the municipal authorities. There will be about 40 miles of the subway.

The Daily Express, London, suggests the name of Cockspur Street be changed to Canada Street in view of the opening of the new Canadian Building and also of a number of other Canadian offices.

The tomb of Virgil, at Naples, has been purchased by the Italian Government, and a large sum will be expended in restoring the ancient Latin poet's resting place as part of this year's celebration in his honor.

The preventive vaccine against tuberculosis, known as "B.C.G.," is producing most effective results, according to a report read before the Academy of Medicine in Paris, France, by Prof. Calmette, assistant director of the Pasteur Institute.

A mysterious epidemic has stricken the fish in Lake Geneva, which is causing them to die in such numbers that employees of the hydro-electric plants at Geneva, Switzerland, are obliged to work double shifts in order to shovel them out of the spillways.

Investing Money in Palestine

Jews Spending Millions in Purchasing and Improving Land

The Jewish national fund has invested almost \$6,000,000 in the purchase and improvement of land in Palestine from October, 1920, to April, 1925, approximately the period of Sir Herbert Samuel's administration, as high commissioner, according to a report issued by the world headquarters of the fund in Jerusalem.

Of this money \$5,194,440 was spent in the purchase of agricultural and urban land and \$774,150 in land improvements, including the drying up of swamps, road building, water supply installation and building loans to new settlers.

Dr. Shearer's Estate

According to the will of the late Dr. John G. Shearer, formerly secretary of the Social Service Council of Canada, his entire estate, valued at \$444,136, passes to his widow, Miss Elizabeth A. Shearer. Upon the occasion of her death all the residue is to go to the Social Service of Canada to be used as they may decide. The bulk of the estate, amounting to \$440,000, is in real estate in the city of Toronto.

FOR
"Cholera
Infantum"
MOTHERS SHOULD USE

This valuable preparation has been on the market for over 50 years, and has no equal for effecting the vomiting, purging and diarrhea of cholera infantum.

Put up only by The T. Milburn Co., Limited, Toronto, Ont.

A New British Colony

Island of Cyprus is Now Part of Empire

A new settlement in Mediterranean history was set up on May 1st, when by Royal Letters Patent, read by the high commissioner of Cyprus at Limassol, that island became a British colony. Our King Richard, Count of Lion, took it from Isaac Comnenus and bestowed it on Guy de Lusignan. In 1070 the Turks took it from the Venetians and held it in the stagnation that marks Turkish rule until 1878, when under the Treaty of Berlin, Great Britain undertook its administration, paying an annual tribute to Turkey. Since then the Cypriotes have progressed morally and materially, and it has been for us a useful Mediterranean station, though possibly of less value than Lord Bessborough expected. In November, 1914, it was annexed by proclamation. The high commissioner now becomes governor and various reforms will be introduced, such as an increase in the representation of Moslems in the legislative council and the opening to natives of some offices hitherto closed from home—London Spectator.

Neuralgia Conquered
Its Pain Destroyed

Magical Results Come When You Apply

NERVILINE

It Acts Quickly

Mr. W. T. Greenway, formerly connected with the Guide newspaper staff, has written: "For twenty years we have used Nerviline in our home, and not for the world would we be without it. As a remedy for all pain, neuralgia, toothache, cramps and disorders of stomach, I know of no preparation so useful and quick to relieve as Nerviline. Remember this, wherever there is pain, rub on Nerviline, and you will get prompt results—50c at all dealers."

Canada At Geneva

Has Become Leader in Humanitarian and Idealistic Matters

The increasing activity that Canada has displayed in League of Nations affairs in the past six months is rapidly putting the Dominion in the position of leader of the "Small Nations Group."

As a result of the absence of the United States from the league, Canada has become more or less a leader in humanitarian and idealistic matters. Her situation geographically makes her a natural arbiter when national animosities, racial prejudices or traditional policies are involved.

The Canadian headquarters in Geneva, which are characterized as "Dominion of Canada advisory office, accredited to the League of Nations," situated on what is now known as "Diplomatic Row."

Dust Causes Asthma. Even a little speck too small to see will lead to agonies which no words can describe. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. J. D. Kellogg's Asthma Remedy brings the user to perfect rest. It relieves the passage, and normal breathing is firmly established again. Hundreds of testimonials received annually prove its effectiveness.

Woman Makes New
Motor-Cycle Record

Averaged Sixty-eight Miles An Hour in Race Near Paris

Mrs. Stewart, wife of Lieutenant Colonel R. N. Stewart, established a record for the 250 miles on a 346-h.p. motor-cycle at the Linas-Motors motor racing track near Paris, accomplishing the distance in 3h. 15m. 25s. The previous record was 3h. 46m. 25s.

Mrs. Stewart's average speed was over sixty-eight miles an hour.

Mrs. G. M. Stewart is the holder of the double twelve hours record at Brooklands, London, and was once described as a "trail little woman with bobbed hair." She served as an ambulance driver with the Russian army during the war.

One-Lamp Car Is Menace

One of the most dangerous things you meet on the road at night is the car with only one head lamp lighted. When such a machine approaches it is a good idea to give it lots of room. You can't tell which of this motorist's lights is gone.

Minard's Liniment for Sore Feet

ECLIPSE
FASHIONS
Exclusive Patterns
by Hazel Rogers

A Quaint Little Bloomer Dress

Procks for little folks are becoming more interesting every day, and there is almost a great variety as for the grown-ups. What little girl would not adore this quaint and winsome little bloomer frock No. 1025? It may be made of gingham, chambray, percale, cotton pop or the dainty, patterned English prints. The kimono sleeve upper portion is attached to two semi-circular skirt portions, forming an apron effect, and tied at either side with bows of material or ribbon. The pattern also includes bloomers gathered into knee-bands. Elastic is inserted at the waist. The pattern is cut in sizes 4 to 10 years and requires 1 1/2 yards of 36-inch material for the dress and 1 1/4 yards for the bloomers.

The Worlds of Empire

We are as a nation only dimly aware of the golden chances we possess of calling in these new worlds to redress the balance of the old. Let us have vision. Let us realize that here is the true solution of our unemployment problem. Let the old country go to the aid of the new countries which are ready to feed its millions and to provide it with new markets for its merchants and its manufactures. Forget Europe! Remember the Empire!—London Daily Express

The morris system originated in France about 1730.

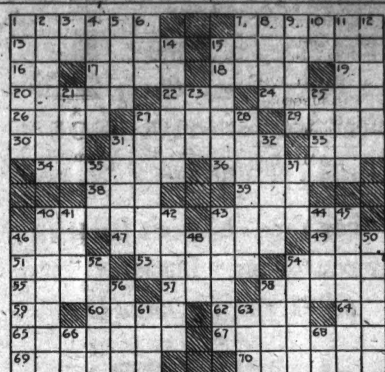

CUTICURA HEALS
ECZEMA ON FACE

In Rash, Spread to Scalp, Itched and Burned. Face Very Sore.

"Eczema broke out in a rash on my face and later spread to my scalp. The rash scalded over and soon became inflamed. It caused a great deal of itching and burning and my face was very sore. The trouble lasted three or four weeks. I was treated without any benefit. I began using Cuticura Soap and Ointment and could see great changes after the first night. I continued the treatment and in four weeks I was completely healed."—Miss Margaret Dayzee, Portland, Vermont.

Daily use of Cuticura Soap, with touches of Cuticura Ointment now and then keeps the skin fresh, smooth and clear. Cuticura Talcum is the ideal for the face.

OUR CROSSWORD PUZZLE

Horizontal

- 1—Sums.
- 2—Unsung thread.
- 3—A medicinal plant.
- 15—Spentthrift.
- 16—Right (abb.).
- 17—A garment.
- 18—A point of the compass.
- 19—A continent (abb.).
- 20—Swift.
- 22—Policeman.
- 24—Canvas shelter.
- 26—Equal.
- 27—Closes.
- 28—Debauchee.

- 61—A beverage.
- 63—Veterinary (abb.).
- 66—Like.
- 68—Toward.

SUNDAY SCHOOL LESSON

JULY 13

THE GOSPEL IN ANTIOCH OF
SIDIA

Golden Text: Behold, I have given him for a witness to the peoples, a leader and commander to the peoples. Isaiah 55:7.

Lesson: Acts 12:13-25.

Devotional Reading: Isaiah 51:7.

The Text Explained and Illumined

1.—The impression made by Paul's first preaching at Antioch, Antioch, Syria, was a great one. The following Sabbath, when the congregation was dismissed, many devout proselytes, God-fearing Gentiles, their presence in the synagogue gives evidence of the kindly feeling existing between Jews and Gentiles in this city. Followed Paul and Barnabas, who urged them to "hold fast the measure of faith they already had, and to expect further divine favor in answer to their steadfastness."

12.—The jealousy of the Jews, verses 14, 15.—Paul and Barnabas have been a most convincing speaker, for the next Sabbath almost the whole city was gathered to hear him. The sight of such a crowd lifted the hearts of the Jews with jealousy, and their contradicted Paul's word and slandered the apostles.

Made Interesting Discovery

Students Find Wonderful Caves Among Yorkshire Hills

Two students spending their summer holidays among the Yorkshire hills happened to survey one morning the rugged slopes of the great limestone mountains through their glasses. They saw, half-hidden among the bracken, a narrow slit in the rock. They blasted away a couple of thousand tons of limestone, and in the heart of the mountains discovered a "cave" river, passing through crystal caves, 18 lofty chambers, curtained with stalactites of orange and white crystal, are cascades of clear water, which have splashed down for countless ages. At one point the river bed widens out and forms a long subterranean lake. "This position is not yet opened up, but excavation is being carried on."

The largest turbine ever built recently was set up at Niagara Falls. In a year it can do the same amount of work as 2,000,000 men.

Minard's Liniment for Sprains

Answer To Last Week's Puzzle

Oranges and lemons are believed to contain a higher percentage of stores sunlight than any other fruits.

ASTHMA!

Spread Minard's on brown paper and apply to the throat. Also inhale. Quick relief assured.

MINARD'S
"KING OF PAIN"
LINIMENT

Stony Plain and District.

W. McLeod, Edmonton is visiting this week with his uncle, Mr. T. Fitzpatrick.

Mr. T. J. Hardwick is on a fishing trip, this week, in the Mountains.

A dance will be held in Muir Lake School house on Saturday evening, July 18.

There was a lively scene at Holborn Hall Friday evening last, the occasion of the regular monthly dance. Mieser's orchestra furnished the music.

A very nice picnic was held at Edmonton Beach Saturday last, when Americans from the district and Edmonton attended and celebrated their country's Independence Day.

Mr. Fred D. Tucker, the Postmaster at Lenoore who had been missing for several days and for whom a systematic hunt had been made, by his neighbors and the police, turned up again at his home on Thursday last, having been away on an "unadvertised vacation."

The big electrical storm a week ago which passed over Mewassin District, did considerable damage including the barn of Alec Osterman, which was struck by lightning and totally destroyed with all its contents.

Spruce Grove councillors held their regular meeting on Monday last, with Reeve Brox in the chair. Numerous delegations were present, among these being one regarding the extension of Meridian Road; another from Stony Plain Agricultural Society asking a contribution towards the indebtedness of the Society. A motion that \$150 be given was defeated, Councillors Brox, Schmetz and Campbell being those in favor of the grant.

Lost, auto plate No. 37 550. Kindly notify The Sun. C. N. express money orders are now on sale at Clarke's Drug Store.

Death of Mrs. Schincke.

Mrs. Schincke, wife of A. H. Schincke, died Thursday, July 2nd, at her home at Mewassin. Deceased had been ill but from the previous day, and her demise came as a sudden shock to her friends. Mrs. Schincke had kept store at Duffield for several years, and retained a few months ago with his wife to their farm.

Interment took place on Saturday afternoon, the services being conducted by Rev. M. G. Newton, pastor of the Union church at Duffield. The remains were followed to their last resting place by a large number of friends of the family.

DANCE !

17—West Edmonton Federal Liberal Convention, in Wesley Church, Edmonton.
17—Dance at Holborn.
18—Dance at Muir Lake School House.
22—Duffield Picnic and Sports.

Sporting Notes.

After the good showing made by Stony's ball team in Dominion Day, the manager has decided to keep the team a practice every evening in preparation for the big ball tournament at Evansburg in August.

In spite of the fact that the Big Club has left town, the local ball team is playing just as good ball this week as they did on Dominion Day.

In fact, there is so much good material on this year's ball team, it is probable one of the catchers and an outfielder will pull out and organize the Gold Dusters.

Muir Lake played Garden Valley a game of ball Sunday last. Val Mohr pitched for the Valley. Score: G. V. 20, Muir Lake 10.

Eric Holichen is taking his footballers to the City next week, to play a return match with the Ravens. Practice nights for the local team now are Thursday and Monday.

Garden Valley basketballers went to Spruce Grove on Monday and beat the Grovers 5 to 2.

The Sun has been informed Stony Plain ball team beat a team from the visiting clergymen at the sports on Dominion Day. Maybe so, mylie, but we must remember who delegate to the convention was in his 60th year.

Opening Up Meridian Road.

Work is proceeding on the grading of the new Meridian road from Ursel's corner, north. On Monday last Spruce Grove M. D. Councillors voted \$1000 towards the work; councillor McKinnlay has secured \$500 from Inga M. D. for the work, and the Government is expected to give a bonus of 50 per cent of the amounts raised. An additional amount is being donated by the business and professional men of Stony Plain, up to yesterday \$555 being subscribed and the subscription list is still open for additional names of those who wish to help.

Laying the Corner-stone

Practically all the Lutherans of this district who were able to make the trip were present on Sunday last at the ceremony of laying the corner-stone of the new Concordia College building. The stone was well and truly laid by Rev. A. J. Mueller of Calgary. Those who made addresses were Rev. E. Brand of Saint Louis and Rev. C. T. Wetstein of Regina.

Rev. Schwerman, principal of the College, took part in the proceedings. Revs. Emil Eberhardt and H. J. Boettcher of Stony Plain, accompanied by the clergymen attending Conference, were present.

A notable feature was the choir singing by the twoscore Conference pastors.

A special train on Canadian National Ry. took the Stonyites to the City, leaving here at 1.30 p.m. and returning at 7 p.m.

The Walther Leaguers.

The Walther Leaguers opened their convention Saturday, with a session in the afternoon and a reception in Duchschoke's hall in the evening. On Saturday evening the visiting clergymen entertained the Leaguers in the big hall, and a very good time was enjoyed. On Sunday the Leaguers attended the Lutheran ceremonies in the City. Following are among those who attended:

Miss M. Willis and Miss E. Geisinger, Edmonton.
Miss Wagner, Milledale.
Mr. J. Fohlman and Mr. L. Cohrs, Dicksbury.
Mr. N. Olson and Miss Van Holten, Alhambra.
Rev. Col. Leisbrough.
Mr. E. Loos, Magrath.
Miss M. and Miss A. Peters, Calgary.
Mr. W. Buckland and Miss Schmetz, Brightview.
Miss M. Schiepp, Miss A. Eberhardt, Miss E. Ambruster, Miss E. B. Miller, Messrs John Ulmer and Carl Enders, Stony Plain.

Inga Councillors.

Inga Councillors held their monthly meeting in Stony on Friday last, with all members present, and Reeve Tattersall in the chair.

A big delegation was present from Mr. Shaw's division, including the Highland Brigade under Col. D. McDonald. The usual monthly controversy regarding roads, pay sheets, etc., took place, using up several hours time before the subject was dropped. A resolution to ask the work done in division two in 1914 to carry.

A motion carried that Mr. Day of the Highway Dept., be invited to inspect the present market road south from Carvel, with the object of having the proposed improvements put on the road one mile east.

The Edmonton Beach proposition came in for a short discussion. A motion that if a fee be appointed to protect children from the dangers of motor cars in public property, lacked sufficient votes to carry. A large number of accounts were presented and interest paid found correct.

WANTED—Young milking cow, Shorthorn preferred. Apply Sun Office.
FOR SALE—2 Cows, Low fresh. Mrs. H. R. Clausen.
